Hell right  
Horizon is gone  
It's like a slow decay  
Drippin' away

Yeah, all right  
The feelin' is gone  
They need a song to tell 'em  
It's gonna be okay

Hope child  
Is it all right?

All right, oh, no  
Come on  
It's a sign  
That we're gonna be

All right  
We listen to the folk songs  
Sing out loud  
Then repeat

You're waitin' for signs  
Givin' the time  
You're wonderin' why  
You want your life to begin

Lookin' for signs  
Give it some time  
You're wonderin' why  
Well, how much do you want?  
How much will you give?

Hope child  
Is it all right?

Do you know, child  
That a little while  
Is all we've got?

Do you know, child

When your life gets wild  
That all you've got  
Is to never give up?

And it's all you've got  
It's all you've got

To remember now  
We broadcast hope  
And I want you to remember, child  
We broadcast hope

When there's nothing left, nothing's clear  
And nowhere feels like home  
You're not alone, you're not alone  
You're not alone, you're not alone

Can you hear my voice  
Hear that sound  
(You're not alone)  
Over the airwaves?  
(You're not alone)

And we broadcast light  
Broadcast sound  
(You're not alone)  
Over the empty airwaves  
(You're not alone)

Well, it all comes back  
And it all comes down  
(You're not alone)  
Well, it's dark but I swear  
That there's hope child  
(You're not alone)

Hope child  
Hope child  
Hope child  
Is it all right?
