[DeVante]

Stick em' uh uh uh uh uh, yeah

[Jodeci]

I beeped you, baby ya have to clear me from the dance floor

Trying to look in my window, but you just couldn't see me though

You attracted me with all your body, uh do you wanna roll with me

Through uptown

[Timbaland]

All I got is that old funk

So let it bang and boom in ya trunk

Girl I know that's what you want, that, that funk

[Jodeci]

I know you want it, and you know I got it baby

Anything you want from me baby

Girl if you want it, just come get it from me

Anything you want from me, I'm trying to tell you bring on that funk

Bring on da funk, bring on da funk

Bring on da funk, bring on da funk

Bring on da funk, bring on da funk

Bring on da funk, now

[K-Ci]

Now you know, you really do fit my steelo

You can flow, I just got to know

Do you wanna roll with me, sweet lady in my Jeep

Let's keep it all discreet, I'm just a simple freak babe

[Timbaland]

All I got is that old funk

So let it bang and boom in ya trunk

Girl I know that's what you want, that funk, that funk

All I got is that old funk

So let it bang in ya trunk

Girl I know that's what you want, uh that funk

[Jodeci]

Girl if you want it, just come get it from me
Anything you want from me, I'm trying to tell you bring
on that funk

Bring on da funk, bring on da funk
Bring on da funk, bring on da funk
Bring on da funk, bring on da funk
Bring on da funk, bring on da funk
Bring on da funk, bring on da funk
Bring on da funk, bring on da funk
Bring on da funk, bring on da funk
Bring on da funk, bring on da funk
Bring on da funk, now

[Mr. Dalvin]

Yeah, bring it on, cause we be gettin' freaky
Cause we be gettin' freaky
Cause we gettin' down
Cause we gettin' down
Cause we gettin' down
And we be gettin'

[Missy (singing) -1]

Jodeci funk, that's what it is, ooh
Gotta get into you
Jodeci funk, that's what it is, ooh
Gotta get into you, ooh ooh

[Mr. Dalvin with Timbaland rapping along]

We be kickin' at the parties and the after-parties
So baby bring ya bodies
She be gettin' smacked a lot, slapped a lot

[Mr. Dalvin with Missy singing 1 in background; repeat
to fade]

Cause we be gettin' down
And we be gettin' down
