Endless waltz of tears, 3d sex vibation

No you won't scare me, no you're not little sister

Inhuman desire take me to redemption

Wandering from your wet empire

U r inside my head, r u real?

U r inside my head, r u real?

I'll beg your soon, all you've got to offer

I'm on my knees, there's no release from this attraction

I wanna believe, shiva or whatever

Impelling forces are in action U r inside my head, r u real?

U r inside my head, r u real?

U r welcome into the tragic kingdom

Won't you take me higher, blow my mind all over

Everday people are people like we are

Show me the deep you with honesty

Lovers ain't fear of reality

Let's go down but down together

What's taht body heat?

U r inside my head, r u real?

U r inside my head, r u real?
