I used to be this uncertain child
But you made me feel like a man
I'd rather be lonely than happy with someone else
Crazy angel's not afraid
Don't know why I'm so hard to satisfy
Or know why I'm no scared to die
Don't know if I can raise my love to your wishing high
I'm losing myself in this emptiness
Losing your faith in my love
I'm losing control of my body, mind and soul
Red blaze fire took them all
Ref : Stone to the bone now
Don't want you have to lose control
Stone to the bone now
I'm on the edge, a danger zone
What's wrong with me we can't go through
Dat violent burning liquid is for you
Well I know Krma Sutra and voodoo too
I'm gonna make myself available for you
Any breath you take make life meaningful to me
Let my love flow freely and naturally
You stone me with your love and that's true

Who's that fire inside belong to

I hate the distance between you and me

I hate this loveless misery

I hate you to need to be inside of you

I used to be this uncertain child

But you made me feel like a man

I'd rather be lonely than happy with someone else
