Here I'm standing  
The dust of love it made me blind  
All alone I feel a silent pain  
In the pouring rain  
No way to see  
Can you heal my heart  
Can you see my bleeding heart

You are gone, no reason to cry  
We shared a life, a world of lies

When I believed, in you and me  
In all your words  
Of love and harmony  
When love began,  
There's still my bleeding heart  
I gave you my hand  
I believe

Once beyond reality  
Your burning lies, are gone it's over now  
By fascination blinded eyes I never saw  
My memories are haunting me,  
A tragedy, a misery

One day you will learn to see

In all your words  
The love of life, how it is meant to be  
When I believed, in you and me  
I gave you my hand  
Of love and harmony  
When love began,  
There's still my bleeding heart

I believe  
So I'm flying free forever  
Forever, and ever  
And I'll try again  
Again

In all your words

I believed, in you and me  
When love began,  
Of love and harmony  
There's still my bleeding heartI gave you my hand
