Alone in the night  
Flashing shadow surround us all  
Spread our wings in the dust  
When the sorrow feeds all the pain  
(Bound for paradise)

Freedom will rise  
Tender voices will sing for us all  
(In silence)  
Stand up and fight  
Climb the stairway we'll reach our aim  
(Far horizons)

Holy one, love that you share  
Saves us from despair

Living in a fairyland  
Oasis of light  
Where the time stands still  
In a world full of pride

Living in a fairyland  
In the hands of the one  
Where the time stands still  
The island's my home

Watch out the stairway never ends  
We will find the right way to light  
Ever more, forever more I pray  
And a shining guidance leads me on my way  
Holy one, in our dreams you're alive  
An island to survive

Living in a fairyland  
Oasis of light  
Where the time stands still  
In a world full of pride

Living in a fairyland  
In the hands of the one  
Where the time stands still  
The island's my home

Fairyland, in a fairyland

Heading for tomorrow  
Sadness has an end  
Where the world is free of sorrow  
Children reign the land

And the master will come from somewhere  
To tear our chains apart  
In his golden eyes that I stare  
With pleasure in my heart again, again

Living in a fairyland  
Oasis of light  
Where the time stands still  
In a world full of pride

Living in a fairyland  
In the hands of the one  
Where the time stands still  
The island's my home
