The battle is over - silence reigns the land  
Darkness surrounds us - death is what remains  
A symphony of rage is gone - dust lies on holy ground  
Raise your ashes to the wind -  
you' re the chosen ones

Warm winds whisper - tales about these times  
Immortal forever - give back their souls to the light  
Stand up you fighters raise your head

And brave these stormy times  
Pray the lord with all your faith  
You' re the chosen ones

Brothers forever  
Brave at heart together we fight  
Holy in heaven  
Will we march through space and time  
Brothers forever  
Brave at heart together we fight  
Holy in heaven  
We will ever hear their cry
