Oh spiritus, oh sanctus  
Adoramus domine  
Te deum laudamus  
In memoriam, gloriam

Warriors, immortal knights, we walk our way alone  
Eternally, we're born to write the sign of victory  
Warriors, immortal knights, far away from home  
Eternally, we're born to fight, forever riding free

And the day has come, time to die  
Somewhere far beyond  
On the stairway to the sky, on the rainbow soaring high  
We are born from the sun

In our hands we hold the future as we live so we will die  
Carry on to save mankind  
Back to back we stand as one until the last crusade is  
done  
We're leaving from the night

Call for vengeance, raise your steel  
We are the knights on our glory ride  
Law defenders, raise your swords  
Freedom for us all

A hail to the gods of creation  
A hail to the king of the world  
A hail to the metal invasion  
A heavenly kingdom on earth

A hail to the gods of creation  
A hail to the king of the world  
A hail to the metal invasion  
A heavenly kingdom on earth

Godless odyssey, endless agony  
We're heading for eternal life

Call for vengeance, raise your steel  
We are the knights on our glory ride  
Law defenders, raise your swords

Freedom for us all

A hail to the gods of creation  
A hail to the king of the world  
A hail to the metal invasion  
A heavenly kingdom on earth

A hail to the gods of creation  
A hail to the king of the world  
A hail to the metal invasion  
A heavenly kingdom on earth

Call for vengeance, raise your steel  
We are the knights on our glory ride  
Law defenders, raise your swords  
Freedom for us all

A hail to the gods of creation  
A hail to the king of the world  
A hail to the metal invasion  
A heavenly kingdom on earth

A hail to the gods of creation  
A hail to the king of the world  
A hail to the metal invasion  
A heavenly kingdom on earth
