Died in the past, swore to return  
His spirit is free  
He received what he earned  
Survived all the times in the underworld  
The tyrant is crowned  
The oath fulfills tonight

In the past I lived, as a king I died  
I built the tower to the universe  
And my time will come, my resurrection day  
I come back to free the world again

Back to the earth, back to the earth, I'm coming  
I will return, I will return, I'm longing  
Kingdom come!

On and on - I will free the world  
I'm gonna bring back the light  
And one day we'll be unity  
Stand strong! - I'll fight for our rights

Once I ruled the land, at the river banks  
I built the temples of the ancient gods  
I will never stop, I will never rest  
Until I, until I find my peace at last

Back to the earth, back to the earth, I'm coming  
I will return, I will return, I'm longing  
Kingdom come!

On and on - I will free the world  
I'm gonna bring back the light  
And one day we'll be unity  
Stand strong! - I'll fight for our rights

Back to the earth, back to the earth  
Time for rebirth, time for rebirth  
Rescue the world, rescue the world  
The flame of the kingdom still burns

The king returns

He's born to rule  
He takes revenge  
To free his mind

On and on - I will free the world  
I'm gonna bring back the light  
And one day we'll be unity  
Stand strong! - I'll fight for our rights
