Spellbound by the power of the devil  
I'm running through the shadows of the night  
I'm sensing he will take my soul forever  
I'm praying to the guardian of my fate

Freedom now or never - Oh I'm going insane  
Times have changed forever - free me forever

One more time I fly  
Over the rainbow  
One last time - no return  
No more tears to cry  
Into the shadows  
No more lies - it's the final way to paradise

I'm tortured by the demon of desire  
I'm drowning in my dreams and fantasies  
The raging storm is feeding on the fire

I'm praying for an answer to my pleas

Freedom now or never - Oh I'm going insane  
Times have changed forever - free me forever

One more time I fly  
Over the rainbow  
One last time - no return  
No more tears to cry  
Into the shadows  
No more lies - it's the final way to paradise

Welcome to the afterworld - I'll be there  
Center of the universe - Take me there

Drowning in seas of desire  
I'm dwelling in sadness and pain/fear  
I end up in silent surrender  
I'm resigning myself to my fate
