Got everything you want  
Keep searching you're wondering  
It's harder then you thought  
Keep dreaming

And don't ever change  
Hide your mistakes  
And don't ever lose direction  
Your heart your passion

And everything you've lost  
Misplaced and replaced with  
A touch of something wrong (who are you?)

And don't ever change  
Hide your mistakes  
And don't ever lose direction  
Your heart your passion

By now we gotta find a better way  
Some how there's gotta be a...  
Take my hand, and follow me...

While you can!  
And farther than I'll ever need  
'Cause I'm that kind of ???  
But never leave you're.....

And every thing you have  
A present reminder  
For everything for everything, no!  
Don't, don't ever change  
Don't ever let yourself lose direction  
Your heart your passion

By now we gotta find a better way  
Some how there's gotta be a...  
Take my hand, and follow me...  
While you can!  
And farther than I'll ever need  
Cause I'm that kind of ???  
But never leave you're.....
