Attention, attention,  
Freewave in full effect  
Freefonix bring you the sound of the future, are you  
ready?  
Let's go!

Come like a hurricane, blowing you aside again,  
'ts drive you mad and say (no permeate)? inside your  
brain  
There ain't no flies on us, we're wix'ie maximus,  
You get it better but you know it's something serious

So if you wanna feel the so-ound, knocking you down  
(Freefonix bringing you down)  
We're do-own, you wanna take this loud.

When I say turn it up, I MEAN turn it up!  
(Uno, dos, trÃ©s)

We gonna rock it, see how we drop it,  
Freefonix slammin' till the beats go waa-uaa-ua  
We gonna rock it, ain't gonna stop it,  
Freefonix kickin' in the beats go waa-uaa-u-oh.

It's plain as ABC, good things that come in threes,  
Like BB, Mo and Freeze,  
You know just who we be (The best),  
That's who we are (Inspirational)  
Freefonix do it and we're doing it well

So if you wanna feel the so-ound, knocking you down  
(Freefonix bringing you down)  
We're do-own, you wanna take this loud.

We gonna rock it, see how we drop it,  
Freefonix slammin' till the beats go waa-uaa-ua  
We gonna rock it, ain't gonna stop it,  
Freefonix kickin' in the beats go waa-uaa-u-oh.

Fee-el the beat, oh can you take it any more?  
Fee-el the beat, we're gonna show you how it's done.

Drums!

We gonna..

We gonna rock it, see how we drop it,  
Freefonix slammin' till the beats go waa-uaa-ua  
We gonna rock it, ain't gonna stop it,  
Freefonix kickin' in the beats go waa-uaa-u-oh.

We gonna rock it, see how we drop it,  
Freefonix slammin' till the beats go waa-uaa-ua  
We gonna rock it, ain't gonna stop it,  
Freefonix kickin' in the beats go waa-uaa-u-oh.
