I used to have a home with a room and a bed
A porch and a driveway with a big garage
But i traded it in
I kept some faith laid my head down every night
And it seems so far away..it seems so far away

Remember me now cause things always change
5 long years are gone
I've done some time
And even when i fall
I know I'll never be the same (2X)

I learned some things about the place's I saw
I learned some things about myself
I guess it came the hard way
Now i know what counts
I've got one prayer
It's in your confidence
I know all the places I don't want to be
Everyone's gone theres no one just me

Remember me now cause things always change
5 long years are gone
I've done some time
And even when i fall
I know I'll never be the same (2X)

Remember me next time I go away
For the first time in my life I wanna stay
I could count one hand here today
The only things that matter to me anyway
And it seems so far away
It seems so far away

Remember me now cause things always change
5 long years are gone
I've done some time
And even when i fall
I know I'll never be the same (2X)
