(Laurie Freelove)
Above all things
We were looking
Out to all things
That could be known
And what of vision
And what of prisoners
Oh what of love
When the love is gone?
I'm looking back now
Oh for the moment
Something's gone wrong here
I need more clues
I need reason
I need reason
Tell me something
That smells like truth
Smells like truth
Smells like truth
Smells like truth
Do you remember
What we were saying
Dancing naked
Outside ourselves?
And what of running
And moving faster
Oh what of holding on
And standing still?
I'm looking back now
Oh for the siren
Her song of spirit
Will torch my youth
Oh I want reason
I want reason
Tell me something
That smells like truth
Smells like truth
Smells like truth
Smells like truth
Do you remember
Why you were looking?
Where are you now

Oh where did you go?
And what of bridges
Oh did you cross them?
What of your kings
And queens of hope
I'm looking back now
I've gone to find you
These times are crazy
These times are hard
And I want reason
I want reason
Tell me something
That smells like truth
Smells like truth
Smells like truth
Smells like truth
Above all things
We were looking
Out to all things
That could be known
