I don't wanna wait too long  
And I don't wanna break it down  
The sun is sinking just like stone  
And it's hard to for me to breath

My mind is missing pieces of you  
And fear and the pain have gone  
But I'll keep holdin' holdin'

And I'm higher before than I've ever been  
I was walking a tightrope can't you see  
That nobody wants to be alone  
I was walking a tightrope  
Can you catch me?  
If I let go

As far as I can see  
The world is turning out of time  
Your gravity will pull me close  
And it's all I'll ever need  
(It's all I'll ever need)

Don't let me fall and break in two  
Cause all we are are skin and bones  
So just keep holdin'  
Just keep holdin' on

And I'm higher before than I've ever been  
I was walking a tightrope can't you see  
That nobody wants to be alone  
I was walking a tightrope ( walking a tightrope)  
Can you catch me?  
If I let go

There's no way back  
If I let go  
Your're where I'll land  
So here I go  
Cause I just wanna live

And I just wanna feel it  
I just wanna feel it

And I'm higher before than I've ever been  
I was walking a tightrope can't you see  
That nobody wants to be alone  
I was walking a tightrope  
Can you catch me?  
If I let go
