Been thinkin bout ya baby  
And I dont know what to do  
All I think about is you  
Seems everything around me  
Things I've never understood  
They all make sense when I'm with you.

Refrain:

Oh, I've heard it all before  
Finding so called love then you leave it behind  
But now I feel so sure  
I listen to my heart this time  
(So I lay it on the line/ put my heart before my mind//

Chorus:

I know that what I've found is once in a lifetime  
(and) I know there's no way out  
Coz its once in a lifetime

I've always been so lonely  
No one there for me to hold  
And every night was just so cold  
Oh don't get me wrong i've been around  
But i've resigned myself to thinking  
Mine is just another story often told

Repeat refrain then Chorus:

Coda:

It's not like im runnin' outta  
I'm takin' everything in stride  
It's just i never thought i'd find  
what would make me change my mind

Repeat chorus:
