Mary

M-M-M-M-M-M-M-Mary

M-M-M-M-M-M-M-Mary

Mary make my mind imminent, make mine m-melody
delightful?

give me the funk, a blunt if not some give me the
spliff

a pipe full

chocolate, gotta get faded

take a hit, shake a bit, I'm stimulated

don't be afraid, take a toke and choke until you kill
it

just go away with the smoke and smoke until you feel it

Miss Marijuana wanna marry me and make me happy

I know you wanna, I can see your green eyes starin' at
me

Those who know can understand the life of Mary

Those who glow, they live the life of lovin' Mary

Those who grow can see the life preserve in Mary

Those opposed...

Mikah 9:

Do you wanna know how to control and separate your
ego

from your soul?

come follow me, come follow me equality grows

and those who oppose legality then their faility shows

thier virtu-o-so, it won't hurt you, no

so, roll, roll, roll your joint and anoint

to the point ??? to ignite

get a light, better strike

a match a bright green batch

of buddha, tye, indo, the sess

would it tie into your stress

yes, yes, this is cannabis

indeed I mean ?

M-M-M, M-M-M, M-M-M, M-M-M-M-M-M-M-Mary

boss, buds, got you in love

took a tug and presto blood vessels

love the drug into your system
you're feelin' high, your inner eye
oh my, see the sky, good bye
it's everywhere so why do they lie
you wanna try to deny, be shy
what a guy, can you keep a secret?
hemp is a temporary pimp for those that need
he know not, but a hot bowl of pot to free his soul
and one planted seed

Aceyalone:

M-M-M-M-M-M-Mary
some call you ganjah, pot, grass, acapulco gold
take an indo load, in load, unload, take a hit, hold,
sold
at the nearest corner right down the road
the more he growed, he showed, unfold a twenty and
get
blowed
it glowed in the dark, so park your car and spark a
bowl
whether young or old we all love M-M-M-M-M-M-Mary
and since me no sense is illegal
I'mma toke on my blunt and smoke when I want and
fly...

M-M-M-M-M-M-Mary
Mary Bell, Mary Mack, Mary Tyler Moore/more sacks
Mary Jane attracts merry kings and Queen Marys
Mary sings fifteen Marys
Mary has a little thing for green Marys
the government is lovin' it, you dealin' it
they killin' it
so I defend the herbal blessing with verbal expression
so roll, roll, roll your joint gently at the seams
merrily, merrily, merrily, merrily, life is not a dream
