I didn't see him coming
Undercover of the night
I didn't know what hit me
He did everything so right

Quiet as a whisper
He's a shadow dressed in black
He crept right up behind me
With a secret love attack

He's the ninja of love
He snuck into my heart
My defenses were down
I was doomed from the start
He's the ninja of love
He's one you can't see
He's one in control
Through the dark he found me

He's got special powers
Caught completely off my guard
I wanted to resist him
But he's making it so hard

A glance in my direction
All he needs to see through me
I can not understand it
He remains a mystery

He's the ninja of love
He snuck into my heart
My defenses were down
I was doomed from the start
He's the ninja of love
He's one you can't see
He's one in control
Through the dark he found me

He's the ninja of love
He's the ninja of love
Through the dark he found me
(Repeat 5x)
