Meet
at the disco
get on your feet
baby let's go
come feel the heat
electric glow
dance to the beat
you're a pro

I can see it in your eyes
no goodbyes, no disguise
from your sighs
and then the temperature will soar
I want more, on the dance floor, paramour
and now we're heading for the door

I'm
walking your way
you're so sublime
it's time to play
the perfect crime
what can I say
and one more time
action replay
I can sense it in your smile
I can sense it in your smile
I can sense it in your smile
you've got style, to beguile, you know I'll
I'll really make it worth the wait
it's our fate, now it's late, you look great

and now I hope you take the bait

if you want me hold me close
will our bodies juxtapose
I don't wanna be alone
you can have me for your own
you're a very sexy clone - tonight
highway to the danger zone - tonight
drink a bottle of merlot - tonight
I can take off all your clothes - tonight
if you want me hold me close - tonight

will our our bodies juxtapose - tonight
I don't wanna be alone - tonight
you can have me for your own - tonight
you're a very sexy clone - tonight
highway to the danger zone - tonight
feeling naughty I suppose - tonight
I can take off all your clothes - tonight
