I was born the son of a car shark  
With a deck in my hand  
I'm the best at playing the game  
I'm known throughout the land

At the tables you'll find me  
A stack of chips by my side  
Poker Gin or 21  
A wining hand is my pride

Just cut the pack  
I'll take the one-eyed Jack  
There's no holding back  
I call your bluff

It ain't no crime  
Winning all the time  
The money's on the line

I play for blood  
I'm the 5 card stud

Don't try to con me  
Let's get it understood  
You'll never get one past me  
I know every trick in the book

I'll play you double or nothing  
If you think you're so good

Lets go for broke  
Afraid you're gonna choke  
Got one slim hope  
That ain't enough

Well you're outta luck  
Lost your bottom buck  
I hit a royal flush  
And I smell blood  
I'm the 5 card stud
