You were life and love upon this island  
And it was hard but you made it all worthwhile  
So afraid that I'm gonna run away  
Well if it was, I wouldn't be here today, ay  
And you took me by the heart  
And showed me where I was  
Deep inside your love  
You will never hear me say the words  
Never feel the pain that hurts  
Never hear me say it's over now  
I look at you, and I see that there's a fear  
Something's wrong but you're holdin' back your tears  
Well here is where I am and where I'll stay  
So lose the bad thoughts, push em far away, ay  
Hope and dreams will take the shape  
I'm shooting for the stars  
And diamonds for your eyes  
You will never hear me say the words  
Never feel the pain that hurts  
Never hear me say it's over now
