Do you remember the days gone by?  
Or is there no point for us to even try  
Back when we didn't have a care in the world  
Getting drunk and chasing girls

Do you remember the days gone past?  
How we always wanted the good times to last  
The time we spent hanging out  
Is how we learned what life is about

Everything is set for the perfect night  
When music's playing and it sounds just right  
It gets inside and it helps to be  
All that you want, you are

Those times that we all hoped would last  
It seems that they've gone by so fast  
I woke up one day and I was 25 with a hell of a  
hangover  
And some demented sense of pride

All we had was our dreams  
That's all we needed to be free  
To be free, to be free, to be free

After the party, came and went  
I found myself half bent  
I had to stop and look around  
And my friends were all I found

All these things I thought were wrong  
But these contradictions they made me strong  
Now I know I can be free  
And it all came from inside of me

All we had was our dreams  
That's all we needed to be free  
To be free, to be free, to be free

Do you remember? I do  
Do you remember? I do  
Do you remember? I do

Do you remember? I do

I do, I do, I do

I do, I do, I do
