Yeah!

Misled again we take up guns and blow it all away  
Brothers lost to who we are in terror we exchange  
Sleep walking into mass graves  
Bought and sold like slaves

It's the end of the old  
A new era unfolds  
Like a thief in the night taking everything  
We won't hear you  
We won't hear you

Yeah

Burned again we stand and fight into the longest night  
Facing death we know there's more inside we see a  
light  
Time has come to all rise up cannot be denied

It's the end of the old  
A new era unfolds  
Like a thief in the night taking everything  
We won't hear you  
We won't hear you  
We won't hear you... baptized!  
We won't hear you... in fire!  
We won't hear you... baptized!  
We won't hear you... in fire!

Fires raging in black days casting a new light  
No more objects in our way the path comes into sight  
Kings and thieves all haunted men running in the night

It's the end of the old  
A new era unfolds  
Like a thief in the night taking everything  
We won't hear you  
We won't hear you  
We won't hear you... baptized!  
We won't hear you... in fire!  
We won't hear you... baptized!  
We won't hear you... in fire!
