I'm gonna crack one day
I'll just leave and go my way
They might say I quit
Ask me if I give a shit

I'll put it out and place one bet
The day I crack I won't regret
I know it's time to be a man
And deal with things the best I can

In fact I'm only seeing red
Every time I turn my head
Empty vessels staring back

Life is getting to me lately
As you can clearly see
And I don't think I stand a chance

There's no place I can go
To leave this behind
This fucked up world
Is all there is on my mind

This I how it had to be
Something's changed
Inside of me

No place I can go
To leave this behind
This fucked up world
Is all there inside of my mind

This I how it had to be
Somethings changed
Inside of me

I always want to run and hide
Dig a hole and crawl inside
It's not that I'm feeling blue
I'm sure you got your problems too

I'm not a jerk, I'm not a dick

Maybe just a little sick
One of these days I'm gonna snap
Then you'll know that I'm cracked

In fact I'm only seeing red
Every time I turn my head
Empty vessels staring back

Life is getting to me lately
As you can clearly see
And I don't think I stand a chance

No place I can go
To leave this behind
This fucked up world
Is all there is on my mind

This I how it had to be
Somethings changed
Inside of me

No place I can go
To leave this behind
This fucked up world
Is all there is on my mind

This I how it had to be
Somethings changed
Inside of me
