No days and nights could brighten my life
As much as one moment with you
This is the way life seems to go
It's not the way I wanted it to be
I got it wrong, but that's okay
You and I agree it's great this way
I'm in love with you,
You're in love with me
I haven't felt this good in years
All that fear disappeared
And the world can go it's own way
In fact, it can fade away
Yeah the world can go it's own way
In fact, it can fade away
The touch of your hand hits me so deep
I look into your eyes endlessly
Forget who I was and wanna be
Man do I feel so free
I'm in love with you,
You're in love with me
I haven't felt this good in years
All that fear disappeared
And the world can go it's own way
In fact, it can fade away
The world can go it's own way
In fact, it can fade away
I'm in love with you
You're in love with me
I haven't felt this good in years
All my fear I carried with me just disappears
Disappears...
And the world can go it's own way
In fact, it can fade away
The world can go it's own way
In fact, it can fade away
Fade away
Fade away
Fade away
Fade away
Fade away
Fade away
Fade away
