La di da da, la la la la la la

La di da da, la la la la la la  
Da di da da, la la la la la la  
(La, la, la, la, la, la)  
I'm walking down the street and my heart goes boom  
In a minute we will meet and my heart goes boom  
When we are together I want love forever  
I'm walking down the street and my heart goes boom,  
boom, boom  
And my heart goes boom  
Baby, be my lover, I don't want no other  
What I really, really, really want is you  
I don't need no education, stupid conversation  
For the things I wanna do  
Baby, be my lover, I don't want no other  
What I really, really, really want, it's true  
I can't wait to see you, wrap my arms around you  
Show you what really I wanna do  
La di da da, la la la la la la  
La di da da, la la la la la la  
La di da da, la la la la la la  
Da di da da, la la la la la la  
(La, la, la, la, la, la)  
Jusqu'a present (Until now)  
Je n'ai jamais senti (I had never felt)  
La force de ton amour (The strength of your love)  
Si tu veux tout savoir (If you want to know)  
Je sais bien (I know well)  
Qu'un jour nous nous reverrons (That one day we will  
meet again)  
Et ca pour toujours (And forever)  
Oh, mon amour (Oh, my love)  
Laisse-moi te toucher (Let me touch you)  
Caresser ta peau (Caress your skin)  
Ca me fait rever (That makes me dream)  
Danser sur des rythmes (Dance on rhythms)

Qui nous font vibrer (That thrill me)  
Je t'aime pour toujours (I love you forever)  
Et ça tu le sais (And you do know it)  
Your kisses are so sweet and my heart goes boom  
You're the only one I need and my heart goes boom  
The world keeps turning, my heart keeps burning  
I'm walking down the street and my heart goes boom,  
boom, boom  
And my heart goes boom  
Baby, be my lover, I don't want no other  
What I really, really, really want, it's true (boom, boom,  
boom)  
I can't wait to see you, wrap my arms around you  
Show you what I really, really, really, really, really  
Really, really, really, really wanna do  
La di da da, la la la la la la
