I'm walkin' down the street  
And my heart goes boom  
In a minute we will meet  
And my heart goes boom  
When we are together  
I want your love forever  
I'm walkin' down the street  
And my heart goes boom, boom, boom  
And my heart goes boom

Baby be my lover, I don't want no other  
What I really, really, really want is you  
I don't need no education, stupid conversation  
For the things I wanna do  
Baby be my lover, I don't want no other  
You are what I really, really, really want, it's true  
I can't wait to see you  
Wrap my arms around you  
Show you what I really wanna do

La Di Da Da- La La La La La La

Jusqu'au jour où je n'ai jamais senti la force de  
ton amour,  
Si tu veux tout savoir, je sais bien qu'un jour,  
Nous nous reverrons et nous nous reverrons pour toujours  
Oh, mon amour, laisse-moi te toucher  
Caresser ta peau, ça me fait rêver

Danser sur des rythmes qui nous font vibrer  
Je t'aime pour toujours et Ã© tu le sais  
(I've never felt the strength of your love till now  
When you want to know it all  
I know one day we won't dream and it's forever  
Oh, my love, let me touch you  
Caress your skin, it makes me wanna dance to the  
rhythm that makes us move  
I love you for always and you know it)

Your kisses are so sweet  
And my heart goes boom  
You're the only one I need  
And my heart goes boom  
The world keeps turnin'  
My heart keeps burnin'  
I'm walkin' down the street  
And my heart goes boom, boom, boom  
And my heart goes boom

Baby be my lover, I don't want no other  
You are what I really, really, really want, it's true  
I can't wait to see you  
Wrap my arms around you  
Show you what I really, really, really, really, really,  
really,  
Really, really, really wanna do
