Ain't going away, its taking a lifetime  
Running ahead out in my right mind  
Needing you bad, feeling my soul fine  
Cannot forget, had it with you all night

Run it down, run me down, run it down, run it down  
Put me out, run me down, put me down, run me down  
Let it down, let it down, let it down, let it down  
Put me down, let me down, let me down, let me down

Digging my way out of this old mine  
Giving em hell leaving em stone blind  
Lend you hand now would you hold mine  
Want it again, found it in your fine eyes

Put it down, put it down, put it down, put it down  
Put me down, put me down, put me down, put me down  
Put it down, let it down, let it down, let it down, let it  
down  
Let me down, let me down, let me down, let me down

All of the days waiting for something alive  
Found it in here, tell em to wait outside  
Oh beautiful wings, seen in that angry light  
Been here just to grow inside, thrown inside

Aint going away, its taking a lifetime  
Running ahead out in my right mind  
Needing you bad, feeling my soul fine  
Cannot forget, had it with you all night

Run it down, run it down, run it down, run it down  
Run me down, run me down, run me down, run me  
down  
Let it down, let it down, let it down, let it down  
Let me down, let me down, let me down, let me down  
Put it down, put it down, put it down, put it down  
Put me down, put me down, put me down, put me down  
(Are you decaying)  
Run it down, run it down, run it down, run it down  
Let me down, let me down, let me down, let me down

Put it down, put it down, put it down, put it down.
