But they head shape, f-ck that pussy till her legs break  
Bustin  
Got a dirty dozen of them wild thangs waitin in a room  
like an egg crate  
Uhh B.a.d, boy ho, and I got b.a.d bitches for my boys

Don't treat em like pollo I'm servin,

Suckin it from 9-5 that bitch workin

[Hook]

[Verse 3: Los]

Man I say pimps up, hoes down  
I say that to say that I only recognize these bitches  
with they lips up, or from the nose down  
I tell her nose dive, then watch em go down, woop(5x)  
Bitch I'm cold as ice water,  
put dick way down yo throat until yo eyes water  
Lemme get that for ya, lil mama cause you workin  
The way you twerkin, you could f-ck around and get a  
Birkin  
She like to crack the dutch down the middle  
Drop a Purp in, let me f-ck her in the telly  
Screaming open up the curtains like  
You know French cut, she got on French Cuts  
I don't french kiss, I let my friends cut  
Me and Red in an all red Benz truck

[Verse 4: Red cafe]

I told french I told los I get good head while I'm  
chaffeured  
Momma told me get a nice girl with a good head on her  
shoulders  
Shake down shake downnnn  
Came up on them back blocks  
Her face on my belt buckle that's what I call [lap top]  
Side n-ggas from the side watchin, guess they got a  
side view  
Puff got me in this penthouse  
That's my view  
That's my crew, they shinin  
She on that cain so she could come boss  
And her first choice was the number one boss

[Hook]

[Verse 5: Diddy]

Yo bitch, I'm a mothaf-ckin livin legend  
I'm bout to send these n-ggas thru they fifth  
[depression]  
In my absenses n-ggas speaking silly  
I could stand on the mountains and the streets will feel  
me  
Feel the rush and that bad boy  
O.b.g and the OG don't OD cause that's bad boy  
She feel royal when she 'round this  
King Combs, now give me crown, bitch
