There's a time for every star to shine
And a place for every dream to see the light
When you have everything
you don't need another reason to be something

Hold on, and look to your faith
Can't let nobody, nobody get in your way

I walked thru the fire
Fought thru the ragin storm
Till I found the peace
That's inside of me
I've got to be strong
I stand for my dreams
I was made for this moment
Take me as I am
Or nothing at all
I'll keep holding on
Raindrops will fall

Haunting echoes from a careless word
You'll never know how much they hurt
Dreams are precious don't you know
But they are so hard to follow

Hold on you can look to your faith
Don't let nobody, nobody get in your way

I walked thru the fire
Fought thru the ragin storm
Till I found the peace
That's inside of me
I've got to be strong
I stand for my dreams
I was made for this moment
Take me as I am
Or nothing at all
I'll keep holding on
Raindrops will fall
