On a warm and sunny day in Wunsiedel  
I've come to give my respects to you  
Sleep forever in peace my friend  
You're an inspiration in everything I do  
You were an honest man that wanted peace  
To stop a brothers war  
For your mission of peace they locked you up  
And never opened the door

Chorus:

Until I'm old and gray  
I will fight to clear your name  
Justice for Rudolf Hess  
We will never forget  
Your 46 years in hell  
46 years in hell  
46 years in hell  
May your spirit rest in peace

You took the truth to the grave  
They called it suicide  
We all know you won the fight  
They couldn't rest until you died

Just like you we won't give an inch  
The struggle for the truth continues today  
We'll show the world the hero you were  
No matter what the history books say

(Repeat Chorus)

I see you're loved, honored and cherished  
By the flowers and candles on your grave  
From all over the world, none have forgotten  
The price for freedom you paid  
You swore the oath, duty until death  
For 46 years they couldn't steal the pride  
It's 12 years later and none have forgotten  
That your ideals and spirits' alive

(Repeat Chorus)

Awesome solo
