We boarded the plane for another show  
Our new adventure had begun  
We took the plane to Helsinki  
Lookout Finlandia, here we come  
Another flight, a new destination  
Where winter lasts all year  
Hey stewardess hurry up  
And bring me another beer

Chorus:

We're gonna paint the town  
Beer bottles and hockey sticks  
Chaos is going down  
Beer bottles and hockey sticks  
From the morning through the night  
Beer bottles and hockey sticks  
A Northmans way of life  
Beer bottles and hockey sticks

We got the livers, we got the booze  
Me and the boys are riled  
Through the streets of St. Paul  
We're gonna go wild

We're crazy Finns with attitudes  
And hangovers too  
Come on Anti score a goal  
For the white and blue

(Repeat Chorus)

The prides of the North stand forth  
From Finland to the United States  
The pines so tall hear the eagles call  
Over the lands of thousands of lakes  
For the ice and snow and the Northern soul  
And winters that can't be tamed  
Pass the bottle, drop the puck  
It's time to start a game

(Repeat Chorus)

We got ( ? ) we got ( ? )  
But who's got the Jack?  
Hey Anthony, you better pass down the vodka  
Or we won't be coming back!
