When there was a job to be done
The nation counted on number one
No mission impossible, he did it all
He would never let his fatherland fall

He conquered the highest peaks
Scored victories in the face of defeat
He faced death on the Russian steppes
The scar-faced giant was always put to the test

Chorus:
Another mission complete, commando
The elite of the elite, commando

He was a knight of the highest order
Waging mayhem behind enemy borders
Resistance to him was futile, he took enemies apart
The very mention of his name put fear in their hearts

Even after his nations' defeat

He stayed true to his beliefs
He lived by his motto, his honor was true
Sturmbahnfuhrer Skorzeny I salute you

(Repeat Chorus)

For the green of my land
For the blood and the soil
My oath I give to you commander
In your service I am loyal

For the mountains and valleys
For the Danube and the Rhine
I will do everything within my powers
To defend the lines

No room for error, commando
Striking against enemy terror, commando
Another mission complete, commando
The elite of the elite, commando

Commando!
