I'm a son of the North, the Viking creed  
Plunder and pillaging the seven seas  
I'm a Celt in defial  
To the invasion of my Celtic Isles

I'm the Teuton, the Germanic one  
Uniting my tribes against the Hun  
I'm a vandal, a Visigoth  
Giving Atilla all I've got

It's all in the name of honor  
Something many don't understand  
I would choose death before dishonor  
Because I am a fighting man

I'm the sacred order, in a holy fight  
Protector of the Grail, the Templar knight  
I am a prince, forged in fire  
Defending my nation from the Ottoman Empire

I am the minute man, the patriotic creed  
Fighting for freedom against tyranny  
I am Hussar, I ride on a horse  
Through the valley of death is my course

It's all in the name of honor  
Something many don't understand  
I would choose death before dishonor  
Because I am a fighting man

I'm the Free Corp, my shirt is brown  
Smashing the Reds in every town  
I'm the storm trooper, a knight in black  
Defender of Berlin in the final attack

I'm the new warrior, stark and mean  
I stand faithful with my head shorn clean  
I'm the guiding light in the final hour  
Come follow me, I've got the power

It's all in the name of honor  
Something many don't understand

I would choose death before dishonor  
Because I am a fighting man

It's all in the name of honor  
Something many don't understand  
I would choose death before dishonor  
Because I am a fighting man
