You can see, the anger in my face  
Of a long lost warrior trying to find his place  
I'm trapped in a time where no one understands  
Yet I battle forth for my destined land  
There will be many that lay in my path  
Some will join in but some will face my wrath  
One can't reach the end if he never starts  
For salvation belongs to the strong at heart

Pre-Chorus:

Here I stand as hard as steel  
I bow to none on this battlefield  
I'm the blood of generations, thousands of years old  
Now those lines I'm sworn to uphold  
To the bloodsoaked soils, where wars had been won  
To secure the safety of generations to come  
For the men that took their loyalty to the grave  
I live for them, I carry the blood of the brave

I've heard the sorrows of the childrens cries

I've seen sanity erode as our nation dies  
I've felt betrayal, by the jackals untrue  
That have joined in the ranks with the chosen few  
Yet I'll strive forth for I know I must  
I'll leave those jackals laying face down in the dust  
I'll continue seeking despite their filth and lies  
For I shall seek that new sunrise

Chorus:

My honor is true  
I carry the torch of the dead  
My honor is true  
For the soil on which my fathers have bled  
My honor is true  
My will you can not bend  
My honor is true  
With sworn loyalty to the end  
My honor is true  
And to this day, I will never betray  
All the fallen brothers lost  
I will carry on where they left off!

(Repeat 1st Verse)

(Repeat Pre-Chorus)

(Repeat Chorus)
