It was just another trip, to our favorite nation
Berlin, Germany, was our destination
After such a long trip, we wished for a bed,
But we ended up at clubhouse instead
After drinking all their beer, we were ready to drop
But then somebody hits the bell, another round of
shots
Then came das boot, and we were nearly dead,
I woke up in the morning, with a war inside my head!

Chorus:

No more Jagermeister No more Jagermeister No more
Jagermeister, I've had enough!
No more Jagermeister No more Jagermeister No more
Jagermeister, I've had enough!

We could not remember the night before
Some of us were passed out, drunk on the floor
Belligerent drunks, we were out of control
A hard night of drinking, was taking it's toll
Davey Boys drinking got a little out of hand
I think he hit his head too hard on the ceiling fan
And then he goes and pisses all over Gustavs place
Gustav looks at him in shame, red in the face and says

(Repeat Chorus)

Look out for Byron, he's been hittin' the booze
Next thing you know there's an elephant on the loose
Mike just laughs with glee, cause he doesn't care
We got him so drunk that he cut off all his hair
Wayne has had enough, he dashes for the door
It looks like they've had more than me, ya better give
me more

Ed stands on the table, and does a little dance
While John just fades away, I think he's in a trance.
EEYOOORE

(Repeat Chorus)

We were back again, to raise some hell

To drink with Luni and Fritz until we fell
This time we came with our neighbor from the North
The bulldog from Canada Griffin for short
He picked up the guitar and we all drank and sang
The North American German brotherhood back with a
bang
To party with Blood, Honor and Vandals is the best
Now Hungary was waiting, no rest in Budapest.
KITARTAS

(Repeat Chorus)

In candle light darkness we quench our thirst
Amongst our brothers we sing and we curse
We pass around the boot all night long
Dance on the tables and sing our songs
Brothers even though we're so far apart
We'll always be together in our blood and hearts
The great memories we share will never end
And when we come back next time lets do it all again

Jagermeister! Jagermeister! Jagermeister!
