I remember the day when we first met
With your big eyes staring at me
I said don't you cry, as I cradled you in my arms
By your side I will always be
From the womb to this world, you were given life
Your safety and warmth I'll oversee
I can't help but to smile on this glorious day
For I know the gods have shined on me
For I know that the gods have shined on me

My life has changed, and it's all for the best
And it's all because of you
I've been blessed, with the greatest gift of all
A babe so fair and so true

You're a part of me, and I'm a part of you
Nothing will ever stand in our way
Come with me, and I'll show you the world
For you are the sunshine in my day
Yeah, you are the sunshine in my day

Nothing will ever keep us apart
Yeah, you and me, we are joined at the heart
Sleep now as I sing you this lullaby
And when you wake I'll be by your side

You are the sunshine in my day
You are the sunshine in my day
You are the sunshine in my day
You are the sunshine in my day
