It's us against the world! Come on!

It's a good day situation, it's a fight for white
Salvation as we approach our final hour – So will you
Stand or will you cower?

It's us against the world – Our future lies up the dole.
It's us against the world – We must be?, must be?.
It's us against the world – ? is coming near. It's us
Against the world! It's us against the world!

As lightning strikes from the sky, the? are hanging
High. With? charge of rolling thunder to the?. When
The? pass away the symbol shines to bring a new day.
Tyranny is brought to an end and the will never be
strong
Again.

It's us against the world – Our future lies up the dole.
It's us against the world – We must be?, must be?.
It's us against the world – ? is coming near. It's us
Against the world! It's us against the world!
