Our land is in chaos, it's time for civil war! Our
People are under attack, we won't take no more!

Tyrants have come, to steal our dreams-There is no
Justice that we have seen! The word is final, it's a
Call to arms, we must protect our kin from impending
Harm! By Odin's power invested in me-I'll bring the
Oppressors to their knees!

This warrior is strong, this warrior is brave! My
Loyalty belongs to my people! Now with this hammer in
My hand I will destroy surrounding evils! This warrior
Is strong, this warrior is brave-Sharp and keen as an
Eagle! Thor to my left, Tyr to my right-We will bring
Mass upheaval!

Mother and Father I will lead the pack-Don't forget me
If I never make it back! And to my woman with locks of
Gold-Our love is eternal, as the arctic cold! Raise my
Children, teach them well, that oppression leads to a
Living hell! Now my people, we must leave-War is

Calling for our destiny!

This warrior is strong, this warrior is brave! My
Loyalty belongs to my people! Now with this hammer in
My hand I will destroy surrounding evils! This warrior
Is strong, this warrior is brave-Sharp and keen as an
Eagle! Thor to my left, Tyr to my right-We will bring
Mass upheaval!

Forward we ride off into the final fight-The enemy is
Near he is in our sights! The longhorn it blows and
It's time to attack! In the name of your land there's
No turning back!

Onward with force I smash my way in-I've finally been
Struck and the lights are getting dim! My time is
Growing nearer and I hear Odin's call-The Valkyries are
Coming to catch my fall!

Valhalla is calling for me! Valhalla is calling for me!
Valhalla is calling for me! Valhalla is calling for me!
