You get the world for your birthday baby
Open your eyes and say yes, no, maybe
The box ticks on, the core is a bomb
The world is silent
You listen like a lover to it

Sometimes a mirror's a miracle
Sometimes it's nothing at all
In this reflection even angels fall
You could fly anytime

Ba-da-da-daa etc.

(even though you own your own comet)

Ordinary people
It's okay
You don't have to wear those wings
They're stupid things

I know some dizzy, easy heights
Don't stop your life at the lights
Don't be smart, be a beginner
Don't be wrong, even when it's right

Ordinary people
It's okay
We're not watching anyway
It's okay

Ba-da-da-daa etc.
