In my life, wasted  
Opinion, distracted  
Basically growing like vegetable  
Stowing the secret i already know  
One victim  
Reaction  
Waiting, wasting

I sit on the table  
My life in a blink  
My head is revolting  
I shudder to think  
I sit on my hands

You've taken my silence as total compliance  
How could you feel any other way?  
I'm spending my life and you're reading my lines out  
Why did i tell you how i play it?  
Wondering what if i crashed into feeling  
Could i get away with it?

You've stolen my wallet with all of my soul in it  
Picking my pieces and pissing in my pocket  
I like you we can't see  
I wish i could wake up  
You've stolen my wallet with all of my soul in it  
Picking my pieces and pissing in my pocket

Sit on my hands  
I sit on my hands

How could you feel any other way?  
I'm spending my life and you're reading my lines out  
Why did i tell you how i play it?

You've taken my silence as total compliance  
How could you feel any other way?  
Wondering what if i crashed into silence  
Could i get away with it

I like you
