I thought you were by my side
Before I had to run and hide
From the caring constabulary
They're there to protect you and me
he he he

I said how can you be justified
From making money from peoples lives
We dont believe in what you say
You break my arm but thats ok
Hey

I got the fuck kicked out of my by Constable Care
I got the fuck kicked out of me
I got the fuck kicked out of my by Constable Care
I got the fuck kicked out of me

I said how can you be justified
From making money from peoples lives
We dont believe in what you say
You break my arm but thats ok
Hey

I got the fuck kicked out of my by Constable Care
I got the fuck kicked out of me
I got the fuck kicked out of my by Constable Care
I got the fuck kicked out of me
