I'll keep moving till the day I die  
To the dance, dance-ecution  
I feel the rhythm till my final hour  
Dance, dance, dance-ecution

I'm not feeling so low, dancing on death row

Boogie my way to the guillotine  
To the dance, dance-ecution  
Electric chair's not so obscene  
Dance, dance, dance-ecution

Feet won't stop moving alas, waiting for the gas

Upon our judgment day, we'll dance the night away

Bring new meaning to 'that swinging sound  
To the dance, dance-ecution  
Do the marimba six feet underground  
Dance, dance, dance-ecution

I'm not feeling so low, dancing on death row

Upon our judgment day, we'll dance the night away  
Don't have to move a lot, in front of the firing squad

Dance, dance, dance-ecution  
Dance, dance, dance-ecution  
Dance, dance, dance-ecution  
Dance, dance, dance-ecution

Lethal injection's no pain, when you do that Charleston  
again

Upon our judgment day, we'll dance the night away  
Don't have to move a lot, in front of the firing squad  
Upon our judgment day, we'll dance the night away
