Ever felt you've been at the bottom of the barrel
There isn't any sunlight and there's no room
To extend your arms and legs

Have you ever felt like someone's always
Criticizing everything about you

Don't let the bastards keep you down
Don't let them, no, don't let the

Ones that you trusted, loyalty for granted
When it comes to the crunch
And you don't know where to turn they'll try

And make you believe them
That it's in your best interests
But they're not the ones that burn

Don't let the bastards keep you down
Don't let them, no, don't let them
Don't let the bastards hold you down
Don't let them, no, don't let them

And I can't help falling in love with you
And I can't help falling in love with you

[Incomprehensible] free and falling and then believe
them
Telling that your life has just been worthless as shit
I don't like them but you're asking me to choose them
Fuck right up and try to get above me

Don't let the bastards keep you down
Don't let them, no, don't let them
Don't let the bastards hold you down
Don't let them, no, don't let them

Don't let the bastards keep you down
Don't let them, no, don't let them
Don't let the bastards keep you down
Don't let them, no, don't let them
