Never seem to be in front  
Or part of the exciting times  
Destined for a life of second best  
The blackmail not the bribe  
Together now whatever work has gone unsung  
He'll be forever Malcolm Young  
Always gnocchi not linguine  
Never Hitler you're Mussolini  
Often the sideshow but not the circus  
Always Malcolm never Angus  
End up Carlton you wanted to be Negus  
Single pluggers never sneakers

Always headphones never the speakers  
Shouldn't have a complex cause  
he wrote Highway To fucking Hell  
Together now whatever work has gone unsung  
He'll be forever Malcolm Young  
Don't be too cocky cause he wrote Stiff Upper Lip as  
well
