Walking by myself, oh, how I wish with someone else
Oh, we could be so strong
It didn't have to happen if I bought myself a gun
He would've been on the run, what fun

'Cause he's a fucking genius
He's a genius, a fucking genius
He's a genius
He's a genius, a fucking genius

Walk away if your reactions are gone
I can't believe he thinks this is fun
I would like to be inside his head
If it's empty

There's no room for me to kick out both his eyeballs
And punch out both his ears
I'll find the braincell that he's got
Play ten-pin bowls and fuck it up
But it doesn't matter, it doesn't matter a bit

'Cause he's a fucking genius
He's a genius, a fucking genius
He's a genius
He's a genius, a fucking genius

He's a fucking genius
He's a genius, a fucking genius
He's a genius
He's a genius, a fucking genius

His intellect is far beyond you and me
He's so smart he can't even speak
I wish I understood all that he knows
Just hit me and I'll understand

The word he yells from his car as he drives along
If only I had studied more I might have known the
origins of [Incomprehensible]
He can lecture with his fists
He's pissed

And he's a fucking genius
He's a genius, a fucking genius
He's a genius
He's a genius, a fucking genius

He's a genius
He's a genius, a fucking genius
He's a genius
He's a genius, he's a genius
