[Fiend]

Yo whassup?

Man girl don't give me that thang.

Oh I'm straight, I'm cool you know.

Uh you know No Limit Soldiers provide for me and mine.

Oh believe it or not yeah I do got somebody, thank you.

But I don't cheat, why?

Man you know what happen.

[Mo B. Dick]

I took an attention with chances for you girl

But you didn't appreciate, no

You wanted to be with someone who had more than me

And all of a sudden you got played

[Fiend]

I gave a hundred and seventy five percent and my pride got bent

Got dropped like lead when I almost died for rent

The intent, provide for you, provide for me

Why I hustle, survive for you, and just try to be

Home for dawn, turned on from your waking moan

You used to love up the Get It On Jones

But I'm ghetto like they boy who shot they toys,

it's that eighty one o's

End up in clubs and drugs and forgot all them hoes

Welcome to my making knows what truly lies within

Whoever figured would break us would be some noise or some rims

Then it be told, living swell, and baby on my trail

Used to treat shorty like a jewel, oh well

[Chorus - Sons of Funk] - (repeat 2X)

I really wanna be with you

But I can't forget what I been through

As a player I can't do that

I'd be a fool if I take you back

[Mo B. Dick]

Girl I got love for you and I also love myself

But you really disrespected me by loving someone else
How can you expect me to forget the things you done
When I needed you the most girl, you were having all
your fun
It's okay and it's cool, and we learn from our mistakes
But I found me another woman so girl it's much to late

Chorus

[Mo B. Dick]

Just like the old folks say girl, God works in mysterious
ways
Cause I never thought I'd see the day when we go our
seperate ways
You did me a real big favor when you let me go
Now things are so much better and I thought that you
should know

Chorus - (repeat 5X)
