Said you were a friend of mine
Said you were a friend but you didn't take your
medicine
That's why you tried to cut my balls off
You should have took your medicine
But there's a memory that I might have
seen you somewhere before
I haven't tried too hard to remember if I
should remember more
Seem in such a hurry there's an urgency that rings a
bell
The haze is slowly lifting
god we used to hang out all the time
Used to be a friend but you
Didn't take your time or your medicine
Now would be the time to confess your sins
Didn't take your time or your medicine
Should have took your medicine
Then you started killing pets
Then you started killing
I didn't know what you meant

When you started killing pets
Should have took your medicine
Then you tried to fuck me up
Then you tried to fuck me
Hurt me with the cruelest cut
Wanted just to fuck me up
Used to be a friend of mine
I know it's cold and lonely outside
But you'd understand why
I don't let you in brandishing that weapon
Crossed a line - Used to be a friend
But you didn't take your medicine
