When he walks into the room men sit up and women swoon

Everybody murmurs "He's here"

He's the most important guy

never stop to wonder why

He's always got so much to say

He's so cool, he

makes the rules

Many witty anecdotes one day he will surely choke

on a story far away

he's so cool he'll never die,

makes us laugh and makes us cry

If only he'd promised to stay home

He's the man

He's the man for us

He's Mr., Mr. Charisma

We see him every other day, he's another world away

We could hang with him all the time

He's too perfect to be true,

I can doubt but so would you

patiently I'm waiting to find out

What's behind....that

sickly smile

He's Mr., Mr. Charisma

Well I went to your brother but your brother lied

He said what you see on the outside is what you get inside

I said, I'd like to believe it but I have my doubts

and I think he might be evil but I wouldn't want to shout about it

He's so strange

He's quite deranged

He's Mr., Mr. Charisma
