What can you say what have you done to me?
Why can't you just listen to what you say?
Why can't you say what you mean to me?
Why don't they just go away and say

"I don't want to see you again
I never want to see you again"

You're o.k but I don't like your friends
You're o.k but I don't like your friends
You're o.k but I don't like your friends
You're o.k but I don't like your friends

Why can't you say the things you hate the most?
Why can't you consider just what they say?
I never know why it's sorry
And just fucked up and throw it away and say

"I don't want to see you again
I never want to see you again"

You're o.k but I don't like your friends
You're o.k but I don't like your friends
You're o.k but I don't like your friends
You're o.k but I don't like your friends

What can you say, what have you done to me?
Why can't you just listen to what you say?
Why can't you say what you meant to me?
Why don't they just go away and say

"I don't want to see you again
I never want to see you again"

You're o.k but I don't like your friends
You're o.k but I don't like your friends
You're o.k but I don't like your friends
You're o.k but I don't like your friends

You're o.k but I don't like your friends
You're o.k but I don't like your friends
You're o.k but I don't like your friends

You're o.k but I don't like your friends
